EXECUTIVE SUMMARY

Motivated Backend Developer with hands-on experience in Node.js, Express.js, RESTful APIs, MongoDB, and MySQL. Skilled in developing secure and scalable server-side applications, implementing JWT authentication, RBAC, CRUD operations, API integration, and database management. Familiar with Git, GitHub, AWS, API testing, and backend architecture, with a strong focus on building efficient, secure, and production-ready backend solutions.

CORE TECHNICAL STACK

Backend & Microservices

Node.js • Express.js • RESTful APIs • JWT Authentication • bcrypt • RBAC • Middleware • API Integration • MVC Architecture

Database & Storage

MySQL • MongoDB • Sequelize • Mongoose • Database Indexing • CRUD Operations • SQL Queries

Tools & DevOps

Git • GitHub • VS Code • Postman • AWS • Firebase • Vercel • Netlify

Frontend Development

React.js • JavaScript (ES6+) • HTML5 • CSS3 • Tailwind CSS • React Router • Axios • Responsive Web Design

PROFESSIONAL EXPERIENCE

Backend Developer Intern | Oasis Infobyte | Remote

June 2026 – September 2026

- Developed and integrated RESTful APIs using Node.js and Express.js.
- Implemented backend functionality including CRUD operations, authentication, and API integration.
- Worked with MongoDB/MySQL for database management and data operations.
- Tested and debugged APIs using Postman.
- Used Git and GitHub for version control and project management.
- Collaborated on backend development tasks and resolved application issues.

Full Stack Developer Intern | EA Tech Digital Pvt Ltd.

Mar 2025 – April 2026

- Architected and deployed responsive web applications using React.js and Node.js in Agile production workflows.
- Managed MySQL/MongoDB databases and implemented CRUD operations.
- Implemented JWT authentication, API integration, and role-based access control.
- Used Git/GitHub for version control and collaborated on debugging, testing, and feature development.

TECHNICAL PROJECTS

AI-Assisted USG Reporting System

React.js | Node.js | Express.js | MySQL | Firestore |
Python | AI/ML | JWT authentication

- Developed an AI-assisted platform for **ultrasound image analysis and automated draft report generation**.
 - Built secure **REST APIs** using Node.js and Express.js with JWT authentication and RBAC.
 - Managed medical records and reporting data using **MySQL**, with Python-based AI/ML integration.
-
- Developed RESTful APIs using Node.js and Express.js for image processing, report generation, authentication, and data management.

AI Demand & Inventory Intelligence Platform

Node.js | Express.js | MySQL | React.js | Python |
REST APIs | JWT Authentication

- Developed a backend system for managing **products, inventory, suppliers, warehouses, and sales data**.
- Built RESTful APIs using **Node.js and Express.js** for inventory and demand management.
- Implemented **JWT-based authentication and role-based access control**.
- Designed relational database structures using **MySQL** and implemented CRUD operations.
- Developed APIs for **stock-level monitoring, inventory analytics, and reorder recommendations**.
- Integrated a Python-based forecasting service to support **demand prediction and inventory insights**.

NOTABLE SOFTWARE APPLICATIONS

- EKart: MERN Stack e-commerce web app with authentication, admin panel, product catalog & order management.
- Blood Bank Management System: Full MERN Stack portal for donor management, inventory tracking, and emergency requests.
- Book Store Application: Full-featured MERN Stack store with CRUD operations and MongoDB aggregation.
- Animated Login Page: Interactive responsive authentication interface featuring sleek CSS/JS micro-animations.

EDUCATION

Bachelor of Computer Applications (BCA)

UNC College of Science & Technology (Affiliated to
Utkal University)
2023 – 2026

CERTIFICATIONS & SOFT SKILLS

- **Full Stack Web Development with AI Certification Course** (PW Skills | NSDC)
- **Mastering the Backend: A Full Stack Developer Guide to REST APIs** (PW Skills | NSDC)

Core traits: Problem Solving, Team Collaboration, Quick Learner, Agile Adaptability, Time Management, Positive Attitude
