PROFESSIONAL SUMMARY

Motivated Full Stack Web Developer with hands-on experience in MERN Stack development including React.js, Node.js, Express.js, and MongoDB. Skilled in developing responsive web applications, REST APIs, database integration, and frontend-backend connectivity. Passionate about building scalable web applications and continuously learning modern technologies.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Responsive Design
- **Backend:** Node.js, Express.js
- **Database:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code, WordPress
- **Advanced Web Technologies:** Next.js, REST APIs, State Management, API Integration
- **Concepts:** CRUD Operations, Debugging, Responsive Web Development.

WORK EXPERIENCE

Full Stack Developer Intern – EA Tech Corporation (Nov 2025- April 2026)

- Developed web applications using React.js and Node.js under senior developer guidance.
- Built and integrated RESTful APIs with frontend applications.
- Performed MongoDB database operations and assisted in performance optimization.
- Collaborated with team members in Agile development workflows.
- Participated in debugging, testing, and deploying web applications.

Chat Support Executive | Oddo Software System (Jan 2025-Oct 2025)

- Managed customer queries, issue resolution, and service requests efficiently.
- Maintained client records and business workflows using ERP systems.

PROJECTS

CRM Management System: Worked as a Frontend Developer to build responsive UI components, dashboards, authentication pages, and customer management interfaces using React.js and Tailwind CSS.

SaaS Automation Builder | MERN Stack

- Built a no-code workflow automation platform using React.js, Node.js, Express.js, and MySQL.
- Designed a workflow engine to automate tasks based on user-defined triggers and actions.
- Implemented JWT authentication, role-based access control, and RESTful APIs.
- Developed dashboards for workflow management, execution logs, and analytics.
- Created responsive user interfaces using Tailwind CSS and integrated third-party APIs for automation.

Personal Projects

- **EKart:** MERN Stack e-commerce web app with authentication, admin panel, product & order management.
- **Blood Bank Management System:** MERN Stack app for donor management, blood inventory, and request handling.
- **Book Store Application:** MERN Stack bookstore app with CRUD operations and MongoDB integration.
- **Animated Login Page:** Responsive animated login page built using HTML, CSS, and JavaScript.

EDUCATION

Bachelor of Computer Applications (BCA)

UNC College of Science & Technology (Affiliated to Utkal University)

Full Stack Web Development with AI Certification Course – PWC Corporation

Mastering the Backend: A Full Stack Developer Guide to REST APIs - PWC Corporation

SOFT SKILLS

Communication • Team Collaboration • Problem Solving • Quick Learner • Adaptability • Time Management • Positive Attitude
